- The Revised Environmental Assessment Report was submitted to the Environmental Protection Agency (**EPA**) for review and approval.

After several meetings and detailed discussions with King Island Council and the Environment Protection Authority Tasmania (**EPA**), regarding any amendments required to the Company's environmental approvals, King Island Council advised that the amendments discussed, in relation to the new operating plan, are adequately covered by the conditions contained in the Company's existing planning permit.

Additional studies were undertaken to ensure that the Environment Effects Report submitted to the EPA incorporates the most up-to-date data.

The revised report was submitted to the EPA and it is expected that the amended EPA conditions will be issued early in 2017, reflecting the Company's revised mining operations.

Work continued on the consolidation of recent studies into a Definitive Feasibility Study. This work can only be completed when the final environmental approvals have been obtained.

NOTES TO THE INTERIM FINANCIAL STATEMENTS

SECTION A KEY FINANCIAL INFORMATION AND PREPARATION BASIS

A1 REPORTING ENTITY

King Island Scheelite Limited (**Company**) is a company domiciled in Australia. These condensed consolidated interim financial statements (“interim financial statements”) as at and for the six months ended 31 December 2016 comprise the Company and its subsidiaries (together referred to as the “Group”). The Group is primarily focused on redeveloping the well-understood and high-grade tungsten deposit on King Island.

The consolidated annual financial report of the Group as at and for the year ended 30 June 2016 is available upon request from the Company’s registered office at Level 26, 259 George Street, Sydney NSW 2000 or at www.kingislandscheelite.com.au.

A2 STATEMENT OF COMPLIANCE

These interim financial statements are general purpose financial statements prepared in accordance with *AASB 134 Interim Financial Reporting* and the *Corporations Act 2001*, and with *IAS 34 Interim Financial Reporting*.

They do not include all of the information required for a full annual financial report. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since the last annual consolidated annual financial report of the Group as at and for the year ended 30 June 2016.

These interim financial statements were approved by the Board of Directors on 20 January 2017

The Company is not of a kind referred to in *ASIC Corporations Instrument 2016/191* dated 1 April 2016 and in accordance with the Class Order, amounts in these interim financial statements and directors’ report have been rounded to the nearest dollar, unless otherwise stated.

A3 BASIS OF PREPARATION

In preparing these interim financial statements, Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from those estimates.

The significant judgements made by Management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those that applied to the last annual consolidated annual financial report of the Group as at and for the year ended 30 June 2016.

A4 GOING CONCERN

The financial report has been prepared on the basis of a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities will occur in the normal course of business. In order to commercialise the Dolphin Project to generate future revenues, additional funding will be required.

To fund working capital until the Company proceeds with a larger capital raising to develop its Dolphin Project, the Company successfully obtained \$2,000,000 committed funds up to 31 December 2017 with the issue and draw down of four \$500,000 unsecured redeemable convertible notes.

For further details see Note A8.

NOTES TO THE INTERIM FINANCIAL STATEMENTS (continued)

6. As required by the ASX Listing Rules, prior to any conversion the Company would request shareholder approval at a General Meeting.

After the Tranche 2 draw down, face values of the Convertible Notes totaled \$2,000,000 (Tranche 1 \$1,000,000 drawn December 2015 Tranche 2 \$1,000,000 drawn August 2016).

At the Company's Annual General Meeting held on 2 November 2016, members resolved to approve the issue of Company shares on any conversion of up to four Convertible Notes, each with a face value of A\$500,000 convertible into shares.

A part conversion of the Convertible Notes was made on 7 December 2016 for a total value of \$1,094,980 (23,397,000 shares at 4.68 cents each).

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between proceeds (net of transaction costs) and the redemption amount is recognised in the income statement over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities, which are not an incremental cost relating to the actual drawdown facility, are recognised as prepayments and amortised on a straight-line basis over the term of the facility.

Borrowings are removed from the statement of financial position when the obligation specified in the contract is discharged, cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in other income and expenses.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Debt Classification of Convertible Notes

Notwithstanding the Convertible Notes contractual obligations include many of the obligations of equity (unsecured and convertible to the Company's shares at the Company's sole discretion), as the Convertible Notes include a contractual obligation for the Company to deliver a variable number of its own shares, the Company has classified the Convertible Notes as debt in accordance with accounting standards.

Fair Values

The carrying amounts of financial liabilities, which are Level 3 instruments, are reasonable approximations of their fair values.

A9 DIVIDENDS

No dividends were paid by the Company during the six months to 31 December 2016 (2015 \$Nil).

NOTES TO THE INTERIM FINANCIAL STATEMENTS (continued)

Adjoining land

On 12 July 2005 the Company entered into an agreement with a third party vendor to acquire a 5 hectare block of land immediately on the northern boundary of the mine lease to ensure that an appropriate buffer zone is in place between the planned mine and Grassy township. The terms of this purchase were an initial payment of \$700,000 plus an additional \$100,000 payable upon the Company obtaining a permit for planning and development approval to carry on an extractive industry, both of which have been paid in full. There is a further \$100,000 payable to the third party vendor contingent upon the commencement of operations.

Hunan Nonferrous Metals Corporation Ltd

To the shareholders of King Island Scheelite Limited

Report on the Interim Financial Report

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the **Interim Financial Report** of King Island Scheelite Limited is not in accordance with the *Corporations Act 2001*, including:

- i) giving a true and fair view of the **Group's** financial position as at 31 December 2016 and of its performance for the **Interim Period** ended on that date; and

Responsibilities of the Directors for the Interim Financial Report

The Directors of the Company are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*; and
- for such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. We conducted our review in accordance with *Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the Interim Financial Report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of Group's financial position as at 31 December 2016 and its performance for the interim period ended on that date; and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of King Island Scheelite Limited, *ASRE 2410* requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of Interim Period consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
