The offer is available to Australian and New Zealand residents having a registered address in those jurisdictions. Special notice to New Zealand Resident investors

This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this offer is made under chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.

This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.

There are differences how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.

The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies and compensation arrangements for New Zealand financial products.

Both the Australian and New Zealand financial markets regulators have enforcement responsibilities for this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (<http://www.fma.govt.nz>). The Australian and New Zealand regulators will work together to settle your complaint.

The taxation treatment of Australian financial products is not the same as for New Zealand financial products.

If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

The offer may involve a currency exchange risk. The currency for the financial products is Australian dollars. The value of the financial products will go up or down according to changes in the exchange rate between the Australian and New Zealand dollar. These changes may be significant.

If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

If the financial products are able to be traded on a financial product market and you wish to trade the financial products through that market, you will have to make arrangements for a participant in that market to sell the financial products on your behalf. If the financial product market does not operate in New Zealand, the way in which the market operates, the regulation of participants in that market, and the information available to you about the financial products and trading may differ from financial product markets that operate in New Zealand.

For further details on the potential control effects of the offer and these underwriting arrangements, see sections 5 and 8.3.

The Board intends to use the proceeds of the Entitlement Offer primarily to fund the ongoing feasibility into the redevelopment of the Company's Dolphin Project, as detailed further in section 1.3 of this Prospectus.

The number of New Shares you are entitled to subscribe for under the Entitlement Offer (**Entitlement**) is set out in your personalised Entitlement and Acceptance Form accompanying this Prospectus.

If you take up your Entitlement, you can also apply for additional Shares under a 'top-up' facility (refer to section 3.2 of this Prospectus for more information).

The Entitlement Offer is renounceable. Therefore, if you do not wish to take up your Entitlement, you may sell all or part of your Entitlement on ASX between Monday, 25 June 2018 and Friday, 6 July 2018 or transfer all or part of your Entitlement directly to another person. A market will be established by KIS on ASX to facilitate the trading of Entitlements. The Entitlements will be quoted on the ASX under the ticker symbol '**KISO**'.

The Entitlement Offer closes at 5.00pm (Sydney time) on Friday, 13 July 2018.

Please read in full the details on how to submit your application, which are set out in this Prospectus. For further information about the Entitlement Offer, please call the Company's secretary, Ian Morgan, on +61 2 8622 1402, or visit the Company's website at www.kingislandscheelite.com.au.

On behalf of the Board, I encourage you to consider this investment opportunity and thank you for your ongoing support.

Yours faithfully

19 June 2018

King Island Scheelite Limited – Corporate Update June 2018

King Island Scheelite Limited (ASX: KIS) (Company) is pleased to provide a Corporate and Dolphin Project update as the Company finalises the Project Feasibility Study.

Renounceable Rights Offer

Concurrently with this announcement, the Company has announced that it is to undertake a renounceable pro rata rights issue to raise approximately \$1.49 million, to finance the final stages of the redevelopment plan for the Dolphin Project and for general working capital purposes.

Full details of the capital raising can be found in the announced Capital Raising – attached.

Mining Review

As advised in the March quarter Activity Report, the Company has appointed Xenith Consulting to undertake a further iteration of its mine plan, with the objectives of better matching production schedules to the revised processing capacity, and examining the benefits of using ADTs (Articulated Dump Trucks) for the haulage of waste and ore in the early and late years of the mining operation. It is anticipated that this review will be completed by 30 June 2018.

Metallurgical Test work

Following the market release of the Dolphin Project Drilling Results on 23 April 2018, the Company reports that all three samples, of 100kg each, have undergone VSI comminution at the Gekko facility in Ballarat.

These samples have now been forwarded to the ALS laboratory at Burnie where the first is undergoing comprehensive metallurgical test work.

The results from the testing of the first sample validate the results achieved in previous test work.

Progressive liberation and recovery of scheelite is being used to optimise the proposed plant flowsheet.

This methodology allows scheelite to be retained in a coarser size range for longer, allowing recovery using more cost-effective gravity methods, rather than flotation. Flotation is only used later in the process to increase recovery and then only on the most susceptible size fractions.

This approach allows a smaller flotation plant footprint and saves significant reagent usage.

Another benefit of the methodology is that a minimum amount of grinding is done on the ore, saving more in operating costs.

A design and budget costing is currently being prepared by an experienced mineral processing equipment supplier, for a complete modular type processing plant for the project. This style of plant

King Island Scheelite Limited – Corporate Update June 2018

will allow rapid site development, with a minimum of personnel once the project is approved by the KIS board.

Tungsten Market

The Company is continuing discussions with international buyers of concentrate to acquire Dolphin's annual production over a minimum three year period at market related prices.

The price of APT (Ammonium Para Tungstate), regularly quoted in industry journals, is used as a benchmark price for the sale of WO₃ concentrate. Concentrate prices are normally traded at a discount of between 15% and 25% to the APT price, allowing for the conversion costs of the product.

Current European prices are between US\$345 and US\$355 per mtu (metric tonne unit). This is an increase of approximately 16% since the beginning of January 2018.

Furthermore, a leading international market research company estimates that the Compound Annual Growth Rate (CAGR) of tungsten will be around 5.51% for the period 2018 to 2022, which bodes very well for the development of the Dolphin project.

Web Site

The Company has recently completed a rewrite of its website, available at www.kingislandscheelite.com.au.

3 Details and effect of the Entitlement Offer

3.1 Overview

The Entitlement Offer is a renounceable offer of approximately 27,161,246 New Shares at \$0.055 per New Share to raise about \$1.49 million (before direct offer costs including fees paid to the Underwriters, advisers and to providers of specific services to cover share registry, printing and postage costs).

The Board intends to use the proceeds of the Entitlement Offer primarily to fund the ongoing feasibility into the redevelopment of the Company's Dolphin Project. Funds will also be applied for ongoing working capital and the costs of the Entitlement Offer.

Eligible Shareholders who are on KIS's share register on the Record Date are entitled to acquire 1 New Share for every 8 Existing Shares held on the Record Date (**Entitlement**).

Fractional Entitlements will be rounded up to the nearest whole number of New Shares.

The offer price of \$0.055 per New Share represents a discount of approximately 18% to the closing price of Shares on 18 June 2018 (being the last trading day before announcement of the Entitlement Offer).

An Entitlement and Acceptance Form setting out your Entitlement accompanies this Prospectus. Eligible Shareholders may subscribe for all or part of their Entitlement.

Eligible Shareholders who do not take up all of their Entitlements will have their percentage shareholding in KIS diluted.

Eligible Shareholders should be aware that an investment in KIS involves risks. The key risks identified by KIS are set out in section 7 of this Prospectus.

3.2 Issue of additional Shares under the Top Up Facility

Any New Shares not taken up by the Closing Date may be made available to those Eligible Shareholders who took up their full Entitlement and applied for additional New Shares under the Top Up Facility.

There is no guarantee that those Shareholders will receive the number of New Shares applied for under the Top Up Facility, or any. The number of New Shares available under the Top Up Facility will not exceed the shortfall from the Entitlement Offer. The Directors, after consultation with the Underwriter, reserve the right to allot and issue New Shares under the Top Up Facility at their discretion, but it is intended that all Eligible Shareholders who apply for Top Up Shares will receive their pro rata entitlement to any available Top Up Shares.

The Company may allocate all, or a lesser number, of Shares for which an application has been made under the Top Up Facility. If applications are scaled back, there may be a different application of the scale-back policy to each Applicant.

3.3 Underwriting

They will also subscribe for, or procure subscriptions for, any shortfall Shares to the extent that KIS does not raise the full amount of \$1.49 million under this Entitlement Offer. In addition, Chairman, Johann Jacobs, had

agreed to sub-underwrite up to an amount of \$120,000. For further details on the potential control effects of the offer and these underwriting arrangements, see sections 5 and 8.3.

Further details of the Underwriting Agreement, including the circumstances in which the Underwriters may terminate their obligations, are set out in section 8.3.

3.4 Eligible Shareholders

This Prospectus is being sent to Shareholders with registered addresses in Australia or New Zealand only. This Prospectus does not constitute an offer to issue the New Shares or the New Options in any place in which, or to any person to whom, it would not be lawful to make that offer.

The Company is of the view that it is unreasonable to make an offer to issue the New Shares and the New Options to Ineligible Shareholders having regard to:

- (c) the cost of complying with the laws, and any requirements of any regulatory authority, of the places where the New Shares and the New Options would otherwise be offered for issue.

3.5 Nominee for Ineligible Shareholders

The Company has appointed Taylor Collison Limited ACN 008 172 450 (**Nominee**), on normal commercial terms, as nominee for the Ineligible Shareholders to arrange for the sale of the Entitlements which would have been offered to them. The Nominee will arrange for proceeds (if any), net of expenses, to be provided to the share registry, to then be sent proportionally to each Ineligible Shareholder. The Nominee will have the absolute and sole discretion to determine the timing and the price at which the Entitlements may be sold and the manner of any sale. Neither the Company nor the Nominee will be subject to any liability for the failure to sell the Entitlements or to sell them at a particular price.

3.6 Renounceable

The rights to the New Shares and the New Options are renounceable. Therefore, if you do not wish to take up your Entitlement, you may sell all or part of your Entitlement on ASX between Monday, 25 June 2018 and Friday, 6 July 2018 or transfer all or part of your Entitlement directly to another person.

A market will be established on ASX to facilitate this Entitlements trading. The Entitlements will be quoted on the ASX under the ticker code 'KISO'.

3.7 Shortfall facility

A shortfall may arise if applications received for New Shares under the Entitlement Offer (including after the completion of the Top Up Facility and the Entitlements of Ineligible Shareholders) are less than the number of New Shares offered and the Underwriters or sub-underwriters do not acquire that shortfall under the Underwriting Agreement.

The Directors reserve the right, subject to the requirements of the Listing Rules and the Corporations Act, to place Shortfall Shares within three months after the Closing Date to either

existing or new Shareholders at their discretion. If issued, Shortfall Shares will be issued at a price not less than the Offer Price of New Shares under the Entitlement Offer. Shareholders will not receive any payment or value for the Entitlements not taken up under the Entitlement Offer that are later taken up as Shortfall Shares.

3.8 Financial position

The effect of the Entitlement Offer on the financial position of the Company is set out in section 6.

3.9 Taxation considerations

The taxation consequences of an investment in the Company depend upon your particular circumstances. You should make your own enquiries about the taxation consequences of an investment in the Company. If you are in doubt about the course you should follow, you should consult your accountant, stockbroker, lawyer or other professional adviser.

3.10 Foreign selling restrictions

No action has been taken to register or qualify the New Shares, New Options, or the Entitlement Offer in any jurisdiction outside Australia and New Zealand, or otherwise to permit a public offering of the New Shares or New Options outside Australia and New Zealand.

The Prospectus does not constitute an offer or invitation in any jurisdiction where, or to any person to whom, the offer or invitation would be unlawful. The distribution of this Prospectus in jurisdictions outside Australia and New Zealand may be restricted by law and persons who come into possession of this Prospectus should seek advice on and observe any of those restrictions. Any failure to comply with the restrictions may constitute a violation of applicable securities laws.

Each Applicant warrants and represents that they:

- (a) are an Australian or New Zealand citizen or resident in Australia or New Zealand;
- (b) are located in Australia or New Zealand at the time of the application and is not acting for the account or benefit of any person in the United States or any other foreign person; and
- (c) will not offer or sell the New Shares or New Options in the United States or in any other jurisdiction outside Australia or New Zealand, or to a United States person, except in transactions exempt from registration under the *US Securities Act 1933* as amended, and in compliance with all applicable laws in the jurisdiction in which the New Shares and New Options are offered and sold.

3.11 Withdrawal

The Company reserves the right to withdraw the Entitlement Offer, at any time before the allotment of New Shares. If the Entitlement Offer does not proceed, the Application Money is refunded. No interest is paid on any Application Money refunded because of the withdrawal of the Entitlement Offer.

3.12 Enquiries

If you have questions about the Offer, please contact Ian Morgan, Company Secretary on +61 2 8622 1402.

4.2 Taking up all of your Entitlement and participating in the Top Up Facility

If you wish to take up your Entitlement in full, follow the instructions set out in the Entitlement and Acceptance Form.

If you have applied to take up all of your Entitlement, you may also apply for additional New Shares under the Top Up Facility.

Alternatively, you may take up all of your Entitlement by payment of the Application Money through BPAY in accordance with the instructions on the Entitlement and Acceptance Form. If payment is being made through BPAY, you do not need to return the Entitlement and Acceptance Form. Your payment must be received by no later than **5.00pm (Sydney time) on Friday, 13 July 2018**.

If you pay through BPAY and do not return the Entitlement and Acceptance Form, amounts received by KIS in excess of the Offer Price multiplied by your Entitlement (**Excess Amount**) may be treated as an application to apply for as many additional New Shares under the Top Up Facility as your Excess Amount will pay for in full.

If you apply for additional New Shares under the Top Up Facility and your application is successful (in whole or in part) your New Shares will be issued at the same time that other New Shares are issued under the Entitlement Offer. There is no guarantee you will receive any New Shares under the Top Up Facility. The Directors may allot and issue New Shares under the Top Up Facility at their discretion.

Refund amounts, if any, will be paid in Australian dollars. You will be paid either by cheque sent by ordinary post to your address as recorded on the share register or by direct credit to the nominated bank account as noted on the share register. If you wish to take up part of your Entitlement, complete the Entitlement and Acceptance Form for the number of New Shares you wish to take up and follow the other steps required under section 4.2.

Alternatively, you may arrange for payment through BPAY in accordance with the instructions on the Entitlement and Acceptance Form. If you pay through BPAY and KIS receives an amount that is less than the Offer Price multiplied by your Entitlement (**Reduced Amount**), your payment may be treated as an application for as many New Shares as your Reduced Amount will pay for in full.

4.4 Sale of your Entitlements on ASX

If you wish to sell your Entitlements on ASX, follow the instructions set out on your Entitlement and Acceptance Form under the section marked 'Sale of your Entitlement rights in full by your Stockbroker/Agent'.

If you decide to sell part of your Entitlement on ASX, follow the instructions set out on your Entitlement and Acceptance Form under the section marked 'Sale of your Entitlement rights in part by your Stockbroker/Agent and take up the balance'. You should instruct your stockbroker and provide details as requested from your personalised Entitlement and Acceptance Form. You should allow sufficient time for your instructions to be carried out by your stockbroker.

You may incur brokerage if you choose to sell your Entitlement on ASX. Entitlements trading commences on 25 June 2018.

Sale of your Entitlements must be completed by 30 May 2018, when Entitlements trading is expected to end.

4.5 Transfer of Entitlements other than on-market via ASX

If you wish to transfer all or part of your Entitlements to another person or party other than on-market using ASX, then you must forward the following:

- (a) completed Renunciation and Transfer Form (obtainable from your stockbroker or the Share Registry);
- (b) Entitlement and Acceptance Form completed by the transferee; and

(c) transferee's cheque for the amount due in respect of the New Shares made payable to **'King Island Scheelite Limited – Entitlement Issue'** and crossed 'not negotiable', to the Share Registry so that it is received by not later than 5.00pm (AEST) on 6 July 2018 at:

If you hold shares on the CHESS sub-register, you should request a Renunciation and Transfer Form from your sponsoring broker.

If the Share Registry receives both a completed Renunciation and Transfer Form (**Transfer**) and a completed Entitlement and Acceptance Form for application for New Shares (**Application**) in respect of the same Entitlement, the Transfer will be given effect in priority to the Application.

IMPORTANT: If you do not accept or sell your Entitlements in accordance with the instructions set out above, any Entitlements not accepted or sold will form part of the Shortfall Shares.

4.6 Allow your Entitlement to lapse

If you do not wish to accept all or any part of your Entitlement, do not take any further action and that part of your Entitlement will lapse.

4.7 Consequences of not accepting your Entitlement

If you do not accept all or part of your Entitlement in accordance with the instructions set out above, any New Shares and New Options that you would have otherwise been entitled to under the Entitlement Offer may be acquired by the Underwriter, or sub-underwriters, or by other Eligible Shareholders under the Top Up Facility.

4.8 Payment

The consideration for the New Shares (including under the Top Up Facility) is payable in full on application by a payment of \$0.055 per New Share. The Entitlement and Acceptance Form must be accompanied by a cheque for the Application Money. Cheques must be drawn in Australian currency on an Australian bank and made payable to **'King Island Scheelite Limited – Entitlement Offer'** and crossed 'Not Negotiable'.

Alternatively, you may arrange for payment of the Application Money through BPAY in accordance with the instructions on the Entitlement and Acceptance Form.

Eligible Shareholders must not send cash by mail. Receipts for payment will not be issued.

Refund amounts, if any, will be paid in Australian dollars and refunded as soon as practicable following the close of the Entitlement Offer (except for where the amount is less than \$2.00, in which case it will be retained by KIS).

You will be paid either by cheque sent by ordinary post to your address as recorded on the share register, or by direct credit to the nominated bank account as noted on the share register. If you

wish to advise or change your banking instructions with the Share Registry you may do so by going to www.investorcentre.com/au and following the instructions.

4.9 Entitlement and Acceptance Form is binding

A completed and lodged Entitlement and Acceptance Form, or a payment made through BPAY, constitutes a binding offer to acquire New Shares on the terms of this Prospectus and cannot be withdrawn.

If the Entitlement and Acceptance Form is not completed correctly it may still be treated as a valid application for New Shares. The Directors' (or their delegates') decision whether to treat an acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final.

By completing and returning your personalised Entitlement and Acceptance Form with the requisite Application Money or making a payment by BPAY, you will also be taken to have acknowledged, represented and warranted on behalf of each person on whose account you are acting that you:

- (a) are an Eligible Shareholder and are not otherwise a person to whom it would be illegal to make an offer or issue New Shares or New Options under the Entitlement Offer; and
- (b) acknowledge that the New Shares and New Options have not been, and will not be, registered under the US *Securities Act of 1933* or under the laws of any other jurisdiction outside Australia or New Zealand.

4.10 Validity of Entitlement and Acceptance Forms

An Entitlement and Acceptance Form may only be distributed with, attached to or accompany a complete and unaltered copy of this Prospectus.

By completing and lodging an Entitlement and Acceptance Form received with this Prospectus, the Applicant represents and warrants that the Applicant has personally received a complete and unaltered copy of this Prospectus before completing the Entitlement and Acceptance Form.

The Company does not accept a completed Entitlement and Acceptance Form if it has reason to believe the Applicant has not received a complete copy of the Prospectus or it has reason to believe that the Entitlement and Acceptance Form has been altered in any way.

4.11 Brokerage and Stamp Duty

No brokerage fee is payable by Eligible Shareholders who accept their Entitlement. No stamp duty is payable for subscribing for New Shares under the Entitlement Offer.

4.12 Notice to nominees and custodians

Nominees and custodians may not distribute any part of this Prospectus or any Entitlement and Acceptance Form in any country outside Australia or New Zealand, except to beneficial holders of Shares in New Zealand, and beneficial holders of Shares who are institutional or professional investors in other countries that KIS has approved as being a country in which investors are eligible to participate, as well as any other country to the extent KIS may determine it is lawful and practical to make the Entitlement Offer.

4.13 Information Availability

Eligible Shareholders can obtain a copy of this Prospectus from KIS's website at www.kingislandscheelite.com.au or by calling the company secretary, Ian Morgan, on +61 2 8622 1402 (outside Australia) at any time from 8.30am to 5.00pm (AEST) until the Closing Date. Shareholders who access the electronic version of this Prospectus should ensure that they download and read the entire Prospectus. The electronic version of this Prospectus will not include an Entitlement and Acceptance Form. A replacement Entitlement and Acceptance Form can also be requested by calling the company secretary, Ian Morgan, on +61 2 8622 1402 at any time from 8.30am to 5.00pm (AEST) until the Closing Date.

5 Effect of the Entitlement Offer on the Company

The potential effect that the issue of New Shares will have on the control of the Company is as follows:

- (a) if the Entitlement Offer is fully subscribed, any Shareholder that does not acquire New Shares will be diluted;
- (b) if all Shareholders take up their Entitlement, there will be no effect on control; and
- (c) if an Eligible Shareholder subscribes for, and is issued, Top Up Shares under the Top Up Facility, that Shareholder's interest will increase, subject to the Corporations Act and the ASX Listing Rules.

The underwriting arrangements may also have an effect on the control of the Company as follows:

Underwriter	Current voting power
Chrysalis Investments (together with its associates) (an entity associated with Director Chris Ellis)	23.99%
Mr Richard Willmot Chadwick and Mrs Gwenda Ann Chadwick (together with their associates)	23.92%

The table below indicates the potential voting power of each Underwriter assuming that there is a shortfall of 0%, 50% and 100% respectively:

Shortfall	0%	50%	100%
Underwriter	Voting power		
Chrysalis Investments Pty Ltd (together with its associates)	23.99%	25.14%	26.28%
Mr Richard Chadwick and Mrs Gwenda Chadwick (together with their associates)	23.92%	25.07%	26.21%
Sub-Underwriter	Voting power		
Johann Jacobs (through a related entity)	1.14%	1.59%	2.04%

The Company's board has determined that any shortfall would be equally allocated to Mr Richard Chadwick and Mrs Gwenda Chadwick and Chrysalis Investments Pty Ltd.

Given that the voting power of Chrysalis Investments Pty Ltd and Mr Richard Chadwick and Mrs Gwenda Chadwick may increase from below 25% to above 25%, Shareholders should be aware that this would provide them with an ability to block any special resolution proposed by the Company unless they are excluded from the vote.

Obligation to underwrite and fees payable

Pursuant to the Underwriting Agreements, the Underwriters collectively will apply for, or procure applications for, the number of New Shares not taken up by Eligible Shareholders under the Offer up to the Underwritten Amount.

The number of New Shares and amount underwritten by each Underwriter, and the fee each Underwriter will be paid (being 4.5% of the applicable amount underwritten) is as follows:

	No. of New Shares	Amount underwritten/sub-underwritten	Fee payable
Underwriters			
Chrysalis Investments Pty Ltd (together with its associates)	6,697,423	\$368,358	\$16,576
Mr Richard Chadwick and Mrs Gwenda Chadwick (together with their associates)	6,697,423	\$368,358	\$16,576
Total	13,394,846	\$736,717	\$33,152¹
Sub-Underwriter			
Johann Jacobs (through a related entity)	2,181,818	\$120,000	\$4,800 ²

¹ Underwriting fee is payable/paid by the Company to each Underwriter.

² Sub-underwriting fee is payable/paid by the Underwriters to the Sub Underwriter and is 4% of the amount sub-underwritten.

7 Risk factors

7.1 Factors influencing success and risk

Introduction

This section identifies the major risks the Board believes are associated with an investment in KIS.

The KIS business is subject to risk factors, both specific to its business activities, and risks of a general nature. Individually, or in combination, these might affect the future operating performance of KIS and the value of an investment in the Company. There can be no guarantee that KIS will achieve its stated objectives or that any forward looking statements will eventuate. An investment in the Company should be considered in light of relevant risks, both general and specific. Each of the risks set out below could, if it eventuates, have a material adverse impact on KIS's operating performance and profits, and the market price of the Shares.

Before deciding to invest in the Company, potential investors should:

- (a) read the entire Prospectus;
- (b) consider the assumptions underlying the risk factors that could affect the financial performance of KIS;
- (c) review these factors in light of their personal circumstances; and
- (d) seek professional advice from their accountant, stockbroker, lawyer or other professional adviser before deciding whether to invest.

7.2 Specific investment risks

Exploration and development risk

Exploration and development of tungsten is a high-risk endeavour, the success of which depends on the development of a mineral resource and reserve. There can be no assurance that the Company's development activities will result in the upgrade of the Company's mineral resource and reserve. Even if that occurs, there are a number of factors that influence the successful development of tungsten deposits into economically viable mining operations. Therefore, even if a significant tungsten resource is identified, there can be no guarantee that it can be economically exploited.

Resource estimates

Resource estimates are expressions of judgment based on knowledge, experience and resource modelling. As such estimates are inherently imprecise and rely to some extent on interpretations and assumptions. Despite employing qualified professionals to prepare resource estimates, such estimates may nevertheless prove to be inaccurate. Furthermore, resource estimates may change over time as new information becomes available.

Industry specific risks

Tungsten quality is known to vary. As such, there is a risk that any tungsten identified by the Company may not be of sufficient quality to develop commercial mining operations, which could have an adverse impact on the Company. Actual tungsten qualities produced during the life of the mine may vary from those expected currently. Substantial changes to or on-going conditions

in tungsten markets, tungsten prices and other macroeconomic factors including foreign exchange rates could have an adverse impact on the commercial viability of exploiting tungsten resources. At completion of construction of any projects the market price of the tungsten could be less than the cost of production. The Company may be forced to defer or suspend some or all of its planned exploration and/or mining activities.

Transportation risks

KIS is required to rely on transport (including ships and planes) from third parties for the transit of its product, equipment and supplies. Any deterioration in the availability of third party transportation providers, or significant increases in the costs or affordability of transportation providers may result in delays, additional costs and may therefore adversely affect KIS' operations.

Licence and approvals

The Company must obtain a number of permits issued by various governmental agencies and regulatory bodies to carry out its planned operations. The Company may be unable to obtain and renew permits and licences necessary for its exploration, development or mining of specific tungsten deposits.

Construction and operational cost risks

The capital expenditure required to develop the Company's tungsten project may differ from the current expectations of the Company. In addition, actual operational costs may differ from current estimates. Increases in capital or operating expenditure will adversely affect the profitability of the projects.

Operational risks: The Company's tungsten project is exposed to material operating risks including potential risk of sub-standard tungsten quality specifications, mining and processing technical difficulties encountered in commissioning and operating plant and equipment, mechanical failure and industrial and environmental accidents.

Labour risks: There is a risk that the Company's tungsten project is unable to attract the skilled labour force necessary.

Infrastructure risk: There is no guarantee that suitable and affordable road, rail and port capacity would be available to commercially export tungsten.

Substantial shareholders

The concentration of the ownership among existing Shareholders means that Shareholders may have limited ability to influence the management, operation and control of the Company and the ownership structure will likely limit control transaction to those sanctioned by those shareholders.

Environmental risks

Despite efforts to conduct its activities in an environmentally responsible manner and in accordance with all applicable laws, there is a risk of an adverse environmental event occurring which could delay the Company's tungsten project's development timetable and may subject the Company to substantial penalties including fines, damages, clean-up costs or other penalties.

Political and regulatory

New legislation and/or new regulations may be adopted that adversely affect the Company's current and proposed mining operations, cost structure and/or the ability of its customers to use tungsten.

Dependence upon key personnel

KIS depends on the talent and experience of its personnel as its primary asset. There may be a negative impact on KIS if any of its key personnel leave. It may be difficult to replace them, or to do so in a timely manner or at comparable expense. Additionally, any key personnel of the Company who leave to work for a competitor may adversely impact the Company.

In summary, KIS's ability to attract and retain personnel will have a direct impact on its ability to deliver its project commitments. Additionally, increases in recruitment, wages and contractor costs may adversely impact upon the financial performance of the Company.

Requirement to raise additional funds

The Company may be required to raise additional equity or debt capital in the future. There is no assurance that it will be able to raise that capital when it is required or, even if available, the terms may be unsatisfactory. If the Company is unsuccessful in obtaining funds when they are required, the Company may need to delay or scale down its operations.

7.3 General investment risks

Share market investments

The price of the Shares might rise or fall and they might trade at prices below or above the Offer Price. There can also be no assurance that an active trading market will exist for the Shares.

Factors affecting the price at which the Shares are traded on ASX could include domestic and international economic conditions. In addition, the prices of many listed entities' securities are affected by factors that might be unrelated to the operating performance of the relevant company. Those fluctuations might adversely affect the price of the Shares.

General economic conditions

KIS's operating and financial performance is influenced by a variety of general economic and business conditions including the level of inflation, interest rates and government fiscal, monetary and regulatory policies. Prolonged deterioration in general economic conditions, including an increase in interest rates, could be expected to have a corresponding adverse impact on the Company's operating and financial performance.

Accounting standards

Australian accounting standards are set by the Australian Accounting Standards Board (**AASB**) and are outside the Directors' and KIS's control. Changes to accounting standards issued by AASB could materially adversely affect the financial performance and position reported in KIS's financial statements.

Tax risks

Changes to the rate of taxes imposed on KIS (including in overseas jurisdictions in which KIS operates now or in the future) or tax legislation generally may affect KIS and its Shareholders. In addition, an interpretation of Australian tax laws by the Australian Taxation Office that differs

to KIS's interpretation may lead to an increase in KIS's tax liabilities and a reduction in Shareholder returns.

Personal tax liabilities are the responsibility of each individual investor. KIS is not responsible either for tax or tax penalties incurred by investors.

Litigation

There is a risk that the Company may in future be the subject of or required to commence litigation. There is, however, no litigation, mediation, conciliation or administrative proceeding taking place, pending or threatened against the Company.

7.4 Cautionary statement

Statements in this Prospectus may be forward looking statements.

Forward looking statements can be identified by the use of forward looking terminology such as, but not limited to, 'may', 'will', 'expect', 'anticipate', 'estimate', 'would be', 'believe', or 'continue' or the negative or other variations of comparable terminology. These statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected. The Directors' expectations, beliefs and projections are expressed in good faith and are believed to have a reasonable basis. They are based on, among other sources, the examination of historical operating trends, data in the Company's records and other data available from third parties. There can be no assurance, however, that the Directors' expectations, beliefs or projections will give the results projected in the forward looking statements. Investors should not place undue reliance on these forward looking statements.

Additional factors that could cause actual results to differ materially from those indicated in the forward looking statements are discussed earlier in this section.

8 Material agreements

8.1 Key documents

The Board considers that certain agreements relating to KIS are significant to the Entitlement Offer, the operations of KIS or may be relevant to investors. A description of material agreements or arrangements, together with a summary of the more important details of each of these agreements is set out below.

8.2 Constitution

The following is a summary of the major provisions of the Company's constitution:

Shares

The Directors are entitled to issue and cancel Shares in the capital of KIS, grant Options over unissued shares and settle the manner in which fractions of a Share are to be dealt with. The Directors may decide the persons to whom, and the terms on which, Shares are issued or Options are granted as well as the rights and restrictions that attach to those Shares or Options.

The Constitution also permits the issue of preference shares on terms determined by the Directors.

KIS may also sell a Share that is part of an unmarketable parcel of shares under the procedure set out in the Constitution.

Variation of class rights

The rights attached to any class of Shares may, unless their terms of issue state otherwise, only be varied with the consent in writing of members holding at least three-quarters of the Shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of Shares of that class.

Restricted securities

If the ASX classifies any of KIS's share capital as restricted securities, then the restricted securities must not be disposed of during the escrow period and KIS must refuse to acknowledge a disposal of the restricted securities during the escrow period, except as permitted under the Listing Rules or by the ASX.

Share certificates

Subject to the requirements of the Corporations Act, the Listing Rules or the ASX Settlement Operating Rules, KIS need not issue share certificates if the Directors so decide.

Calls

The Directors may, from time to time, call upon Shareholders for unpaid monies on their shares. The Directors must give Shareholders notice of a call at least 30 business days before the amount called is due, specifying the time and place of payment. If a call is made, Shareholders are liable to pay the amount of each call by the time and at the place specified.

A call is taken to have been made when a Directors' resolution passing the call is made or on any later date fixed by the Board. A call may be revoked or postponed at the discretion of the Directors.

Forfeiture and lien

KIS may forfeit Shares to cover any call, or other amount payable in respect of Shares, which remains unpaid following any notice to that effect sent to a Shareholder. Forfeited Shares become the property of KIS and the Directors may sell, reissue or otherwise dispose of the Shares as they think fit.

A person whose Shares have been forfeited may still be required to pay KIS all calls and other amounts owing in respect of the forfeited Shares (including interest) if the Directors so determine.

KIS has a first and paramount lien for unpaid calls, instalments and related interest and any amount it is legally required to pay in relation to a Shareholder's Shares. The lien extends to all distributions relating to the Shares, including dividends.

KIS's lien over Shares will be released if it registers a transfer of the Shares without giving the transferee notice of its claim.

Share transfers

Shares may be transferred by any method permitted by the Corporations Act, the Listing Rules or the ASX Settlement Operating Rules or by a written transfer in any usual form or in any other form approved by the Directors. The Directors may refuse to register a transfer of Shares where it is not in registrable form, KIS has a lien over any of the Shares to be transferred or where it is permitted to do so by the Listing Rules or the ASX Settlement Operating Rules.

General meetings

Each Shareholder, Director and auditor is entitled to receive notice of and attend any general meeting of KIS. Two Shareholders must be present to constitute a quorum for a general meeting and no business may be transacted at any meeting except the election of a chair and the adjournment of the meeting, unless a quorum is present when the meeting proceeds to business.

Voting rights

Subject to any rights or restrictions attached to any Shares or class of shares, on a show of hands each Shareholder present has one vote and, on a poll, one vote for each fully paid Share held, and for each partly paid Share, a fraction of a vote equivalent to the proportion to which the Share has been paid up. Voting may be in person or by proxy, attorney or representative.

Remuneration of Directors

Each Director is entitled to remuneration from KIS for his or her services as decided by the Directors but the total amount provided to all Directors for their services as Directors must not exceed in aggregate in any financial year the amount fixed by KIS in general meeting (see section 19.5(a)). The remuneration of an executive Director must not include a commission on, or a percentage of, profits or operating revenue.

Remuneration may be provided in the manner that the Directors decide, including by way of non-cash benefits. There is also provision for Directors to be paid extra remuneration (as determined by the Directors) if they devote special attention to the business of KIS or otherwise perform services which are regarded as being outside of their ordinary duties as Directors or, at the request of the Directors, engage in any journey on KIS's business.

Directors are also entitled to be paid all travelling and other expenses they incur in attending to KIS's affairs, including attending and returning from general meetings or Board meetings, or meetings of any committee engaged in KIS's business.

Interests of Directors

A Director who has a material personal interest in a matter that is being considered by the Board must not be present at a meeting while the matter is being considered nor vote on the matter, unless the Corporations Act allows otherwise.

Election and retirement of Directors

There must be a minimum of three Directors and a maximum of ten Directors unless KIS in general meeting resolves otherwise.

Where required by the Corporations Act or Listing Rules, KIS must hold an election of directors each year. No Director, other than the managing director, may hold office without re-election beyond the third annual general meeting following the meeting at which the Director was last elected or re-elected. A Director appointed to fill a casual vacancy, who is not a managing Director, holds office until the conclusion of the next annual general meeting following his or her appointment. If there would otherwise not be a vacancy, and no Director is required to retire, then the director who has been longest in office since last being elected must retire.

If a number of Directors were elected on the same day, the Directors to retire is (in default of agreement between them) determined by ballot.

Dividends

If the Directors determine that a final or interim dividend is payable, it is (subject to the terms of issue on any Shares or class of Shares) paid on all Shares proportionate to the amount for the time being paid on each Share. Dividends may be paid by cash, electronic transfer or any other method as the Board determines.

The Directors have the power to capitalise and distribute the whole or part of the amount from time to time standing to the credit of any reserve account or otherwise available for distribution to Shareholders. The capitalisation and distribution must be in the same proportions which the Shareholders would be entitled to receive if distributed by way of a dividend.

Subject to the Listing Rules, the Directors may pay a dividend out of any fund or reserve or out of profits derived from any source.

Proportional takeover bids

KIS may prohibit registration of transfers purporting to accept an offer made under a proportionate takeover bid unless a resolution of KIS has been passed approving the proportional takeover bid under the provisions of the Constitution.

The rules in the Constitution relating to proportional takeover bids cease on the third anniversary of the adoption of the Constitution, or the renewal of the rules, unless renewed by a special resolution of Shareholders.

Indemnities and insurance

KIS must indemnify current and past Directors and other executive officers (**Officers**) of KIS on a full indemnity basis and to the fullest extent permitted by law against all liabilities incurred by the Officer as a result of their holding office in KIS or a related body corporate.

KIS may also, to the extent permitted by law, purchase and maintain insurance, or pay or agree to pay a premium for insurance, for each Officer against any liability incurred by the Officer as a result of their holding office in KIS or a related body corporate.

8.3 Underwriting agreement

In addition, they have each agreed to subscribe for, or procure subscriptions for, any shortfall the extent that KIS does not raise the full amount of \$1.49 million under this Entitlement Offer on the terms set out in the Underwriting Agreement. Customary with these types of arrangements:

- (c) the Underwriters are entitled to reimbursement of certain expenses; and

Except as set out in this Prospectus:

- (a) no person named in this Prospectus as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of this Prospectus has any interest or has had any interest during the last two years:
 - (i) in the formation or promotion of KIS;

 - (iii) the offer of the New Shares and New Options; and
- (b) no amount has been paid or agreed to be paid, and no benefit has been given, or agreed to be given, to any person named in this Prospectus as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of this Prospectus in connection with the services provided by the person in connection with the:
 - (i) formation or promotion of KIS, or
 - (ii) offer of the New Shares and New Options.

9.8 Substantial Shareholders

The following Shareholders have a substantial holding in KIS:

Shareholder	Shares	Percentage interest
Chrysalis Investments Pty Ltd	52,125,191	23.99%
Mr Richard Chadwick and Mrs Gwenda Chadwick	51,974,541	23.92%
Catherine Jeanne Morrill	14,157,199	6.52%

The table above shows the current shareholding of each substantial Shareholder and not the position after taking up any Entitlements or the exercise of any New Options to be issued to them (to the extent they are an Eligible Shareholder able to participate in the Entitlement Offer).

9.9 Interests of Directors

Other than as set out above or elsewhere in this Prospectus:

- (a) no Director or proposed Director of KIS has, or has had in the two years before lodgment of this Prospectus, any interest in:
 - (i) the formation or promotion of KIS;
 - (ii) any property acquired or proposed to be acquired by KIS in connection with its formation or promotion or the offer of the New Shares and New Options; or

 - (i) to induce him or her to become, or to qualify him or her as, a Director, or
 - (ii) otherwise for services rendered by him or her in connection with the formation or promotion of KIS or the offer of the New Shares and New Options.

9.10 Shareholdings

The Directors or their associates have a beneficial interest in the following Shares and Existing Options at the date of this Prospectus:

Director	Existing Shares	Existing Options
Chris Ellis	52,125,191	3,000,000
Johann Jacobs	2,487,871	7,500,000
Allan Davies	3,543,587	7,500,000

The Directors have committed to apply for New Shares under the Entitlement Offer.

Transactions with related parties

Existing Shareholders, including Chrysalis Investments Pty Ltd (an entity associated with Director Chris Ellis), will underwrite the Entitlement Offer up to \$736,717 (**Underwritten Amount**) on the terms set out in the Underwriting Agreements. Each of the Underwriters has committed to take up their rights and the Underwritten Amount represents the balance of the Offer, less the rights that the Underwriters and all Directors (through their shareholder entities) have committed to take up.

An Existing Shareholder and Director, Johann Jacobs (through a related entity), will sub-underwrite the Entitlement Offer for up to \$120,000 (2,181,818 New Shares) for a sub-underwriting fee of 4.0% (\$4,800).

The Underwriters will, collectively, receive an underwriting fee of \$33,152 (which represents 4.5% of the Underwritten Amount). The fees will be allocated among the Underwriters in the manner set out in section 5.

Mr Allan Davies, the Director who is not associated with the Underwriters and Sub Underwriter, believes that this Underwriting structure provides the Company with the most efficient method for successfully completing the Offer.

If there is a shortfall for the full Underwritten Amount, the Underwriters' and Sub Underwriter's maximum voting power would be:

- (a) for Chrysallis Investments Pty Ltd (together with director, Chris Ellis, and his other associates), 26.28% (up from 23.99%);
- (b) for Mr Richard Chadwick and Mrs Gwenda Chadwick (in their personal capacities and through their associated entities), 26.21% (up from 23.92%); and
- (c) for Johann Jacobs (together with his other associates), 2.04% (up from 1.14%).

Further details on the underwriting and sub-underwriting, and details of the potential voting power of each Underwriter and the Sub-Underwriter based on a range of outcomes, are set out in section 5.

Payments to Directors

The constitution of KIS provides that the Directors may be paid, as remuneration for their services, a sum set from time to time by the Shareholders in general meeting, with that sum to be divided among the Directors as they agree.

The maximum aggregate amount which has been approved by the Shareholders for payment to the non-executive Directors is \$210,000 per annum excluding superannuation.

The current Directors fees are as follows:

	Financial Year	Salary & fees	Consulting fees (2018 is a latest estimate)	Total	Super benefits	Options	TOTAL
		\$	\$	\$	\$	\$	\$
Director							
J Jacobs	2018	30,987	75,000	105,987	2,944	83,600	192,531
	2017	30,987	60,000	90,987	2,944	-	93,931
C Ellis	2018	26,400	-	26,400	2,508	83,600	112,508
	2017	26,400	-	26,400	2,508	-	28,908
A Davies	2018	26,400	12,000	38,400	2,508	83,600	124,508
	2017	26,400	-	26,400	2,508	-	28,908
Total compensation	2018	83,787	87,000	170,787	7,960	250,800	429,547
	2017	83,787	60,000	143,787	7,960	-	151,747

From 1 June 2018, Johann Jacobs will be remunerated at a rate of \$1,600 per day as executive fees on the basis of dedicating at least four days per week to the Company. The Board has reviewed the remuneration and determined that it is reasonable for the purposes of section 211 Corporations Act.

9.11 Expenses of the Entitlement Offer

The total estimated expenses of the Entitlement Offer payable by the Company including ASX and ASIC fees, underwriting fees, accounting fees, legal fees, share registry fees, printing costs, public relations costs and other miscellaneous expenses are estimated to be \$95,000.

9.12 Allotment

KIS will apply within seven days from the date of this Prospectus for quotation of the New Shares on ASX. It is expected that allotment of the New Shares under the Entitlement Offer will take place no more than five Business Days after the close of the Entitlement Offer.

Application Money will be held by KIS on trust for Applicants until the New Shares are allotted. No interest will be paid on Application Money.

It is the responsibility of Applicants to work out the number of New Shares allotted and issued to them before trading the New Shares. The sale by an Applicant of New Shares before receiving their holding statement is at the Applicant's own risk.

9.13 CHESS

The Company will apply for the New Shares to participate in CHESS. An Applicant who is issued New Shares under this Entitlement Offer will receive a shareholding statement instead of a share certificate. It sets out the number of New Shares issued to the successful Applicant.

The shareholding statement also provides details of the Shareholder's HIN (in the case of a holding on the CHESS sub-register) or SRN (in the case of a holding on the issuer sponsored sub-register).

Shareholders need to quote their HIN or SRN, as applicable, in all dealings with a stockbroker or the share registry. Further statements are given to Shareholders showing changes in their shareholding during a particular month. Additional statements may be requested at any time, although the Company reserves the right to charge a fee for them.

9.14 Electronic Prospectus

This Prospectus is available in electronic form at www.kingislandsheelite.com.au. Any person receiving this Prospectus electronically will, on request, be sent a paper copy of the Prospectus by KIS free of charge until the Closing Date.

The Entitlement and Acceptance Form may only be distributed attached to a complete and unaltered copy of the Prospectus. The Entitlement and Acceptance Form included with this Prospectus contains a declaration that the investor has personally received the complete and unaltered Prospectus before completing the Entitlement and Acceptance Form.

KIS will not accept a completed Entitlement and Acceptance Form if it has reason to believe that the Applicant has not received a complete paper copy or electronic copy of the Prospectus or if it has reason to believe that the Entitlement and Acceptance Form or electronic copy of the Prospectus has been altered in any way.

While KIS believes that it is extremely unlikely that during the period of the Entitlement Offer the electronic version of the Prospectus will be altered in any way, KIS can not give any absolute assurance that this will not occur. Any investor in doubt about the validity or integrity of an electronic copy of the Prospectus should immediately request a paper copy of the Prospectus directly from KIS or a financial adviser.

9.15 Privacy

Eligible Shareholders may be asked to give personal information to KIS directly, and through the share registry, such as name, address, telephone and fax numbers, tax file number and account details. The Company and the share registry collect, hold and use that personal information to provide facilities and services to Eligible Shareholders and undertake administration. Access to information may be disclosed by the Company to its agents and service providers on the basis that they deal with the information under the *Privacy Act 1988* (Cth). The Company's privacy policy sets out how Shareholders may request access to and correction of their personal information held by or on behalf of the Company (by contacting the share registry), how Shareholders can complain about privacy related matters and how the Company responds to complaints.

9.16 Authorisation

This Prospectus is issued by the Company. Each Director has consented to the lodgment of the Prospectus with ASIC.
